- Reodica said they have worked with statistic professors to ensure accurate sampling questions.
- Tressel asked if they tried working with the Financial Aid Office. Aresha Martinez said they are concerned more with quality of life rather than straight budgeting.

VIII. Officer and Member Reports

President – Homaira Hosseini
Hosseini said she went on the Alumni Board retreat, where they discussed revamping the vision statement and goals. The president of SAA expressed concern that student outreach is not in the overall plan, and the Alumni Board needs to recognize this. They are working to implement more student involvement. Bruins in the City is on way, as Hosseini talked to the mayor's Chief of Staff. It will hopefully be implemented by Spring Quarter.

Internal Vice President – Evan Shulman
There was another CRC meeting with Champawat. He also found a website that helps make websites, so if commissions are looking for help, they should ask him for the information. Also, his office started the International Social Justice Network again, and he is hoping to get interns involved.

External Vice President – Jesse Melgar
Melgar said he was in El Salvador, and he was the delegate to the Salvadorian Student Union. He was able to see the election process down there and how corrupt it is. There was a forum last night for the LA Unified District, where they talked about Measure B. Also there is a student lobby conference this weekend.

Academic Affairs Commissioner – Jeremiah Garcia
Garcia said, this Friday, the Admissions Coalition is meeting at 5:00pm in 417 Kerckhoff. Also he and Hosseini are meeting with Judith Smith to talk about ECP and to discuss credit for student leaders as a 191 of sorts.

Cultural Affairs Commission – George Chacon
Chacon said it is the end of Hip Hop Appreciation Month, which was very successful. There will be a presentation next week by Jazz Reggae. There will be tickets for The Game concert coming out soon. Lastly, this Thursday at 7:00pm, One Man Broadway will be in Moore 100.

Student Welfare Commission – Jonathan Tsai

IX. Old Business

There was no Old Business this week.

X. New Business

A. CRC – Task Force Updates
- Shulman said he is working with Champawat and Student Support Services to bring together a history of what happened to the past bylaws. Last Thursday CRC voted unanimously to support the first chunk of work accomplished.
- Champawat asked that council would validate the methodology.
- Shulman said it was parts 5-6 that was voted on at CRC.
- Champawat said they are looking for proof of actions, even if those actions were rendered moot at a later point.
- Tuttle said people should be wary of mistakes, as one mistake was made in the ’82-’83 period, and no one caught it until it was already an issue.
- Roth suggested that everyone come to the CRC meetings to get into the nitty gritty details.
- Champawat said he wanted to make council aware of the progress, but does not want to bog down the meetings and instead do this work through committees.

B. CRC – OSAC Bylaws
- Tuttle said there are two time stipulations to be considered in these changes (IV.C.4.e). These should be compared to the bylaw IV.A.7, which discusses a seven day notice before USAC can take action on amendments, to ensure nothing conflicts.
- Shulman said the Judicial Board became involved in the OSAC process, which lead to the Facilities Commissioner not sitting on OSAC.
- Roth said the meeting of October 21st said this document would be tabled until a date after which CRC would meet. Since CRC met on Thursday, the document was put back on the Agenda.
- Tuttle asked if the notice about this document had the actual document attached. Roth said it did not have it attached, but it did refer to business left over. It was originally added to the Agenda in October.
- Gonzalez said the core document has changed since October, so it should be resubmitted seven days prior to council's meeting.
- Roth said there is no way council members were not aware of the document, nor had no access to said document.
- Hosseini said the only change is striking out one item due to the Judicial Board case.
- Tuttle said he believes council is ok going forward with the business, but the prudent choice would be to wait a week.
- Roth said the actual change that was made is not substantial.
- Tuttle said council should remember that this information was presented in October.
- Hosseini said council could wait here for two hours to discuss the matter.
- Tuttle said that is not relevant, as the notice of discussion is from October.
- Tressel asked Gonzalez if she wanted the Facilities Commissioner removed from the bylaws. Gonzalez said she did. Tressel asked if her constituency would file a Jboard case if council went forward. Gonzalez said it is council's prerogative to move forward or not. Gonzalez said she never filed a Jboard case, but she is bringing concerns about the bylaws to the council.
- Tuttle said the best remedy for leadership is to put off the matter for another week to prevent another Jboard case.
- Tressel asked what would happen if they lost a week. Roth said that would push back the appointment of members and a chairperson.
- Hosseini said one of the legitimate additions is the committee's duty to look for more office space.
- Garcia asked about OSAC's jurisdiction over mailboxes and lockers. Roth said it was in the original forwarded document, and it is a part of updating the bylaws.
- Hosseini said, for the record, there is no opposition to her disseminating information in her search for an OSAC chairperson that one of his or her duties is to look for new space. She suggested to table the matter with that stipulation.
- Roth moved and Chacon seconded with Hosseini's above stipulation.
- Council voted 3-3-6 on the matter.
- Tuttle said the chair can break the tie.
- Garcia moved and Tsai seconded to approve the OSAC Bylaws.
- Garcia said he feels this does not need to be put off any longer.
- Roth moved to table with the stipulation that a chairperson will be forwarded. There was no second.
- Birks called the question.
- Council voted 9-0-3 to vote on the matter.
- Council approved the forwarded bylaws with a vote of 9-0-3.

C. USAC Committee Updates
- Shulman, for the Sustainability Committee, said they passed bylaws for lowering paper usage. They are working on getting recycling bins.
- Melgar, for Affordability, said Reodica's Office has been doing the True Cost of UCLA project.
- Reodica said she is meeting with Champawat this week to talk about ways to market scholarship opportunities to students.
- Hosseini said her office is working with Reodica's commission for Bruintent.
- Kohles said she is meeting with the committee to discuss open access textbooks, and she is also talking to CALPIRG about it.
- Melgar said next week the Regents will vote on free increases in Riverside. Anyone interested in going should talk to the EVP's Office about travel grants.
- Tsai said he is working on a survey with Williams. ASUCLA is very available to help USAC market ideas to the students.
- Shulman asked if the Blood and Platelet Center is done. Champawat said it will be done in the middle of March.
- Garcia, as a part of the Academic Advancement Committee, said he drafted a leader what his office is putting together, and he also put a section to solicit information and get feedback from questions asked.

D. Surplus Approval
- Sobhani said the approval will go down to line 96. If there are any more requests, they will come out of general contingency funds. As of now, ASUCLA should be aware of the climate of the US economy, and now is a good time to have funds for a rainy day. There is a carpet renovation project going on, as some of the carpet is extremely damaged. As for the amount groups will apply for capital, Sobhani anticipates it to be no more than $20,000.
- Hosseini asked how the $126,000 remaining compares to last year. Sobhani said he needs to go back and check.
- Garcia asked which areas are getting recarpeted. Sobhani said Kerckhoff needs to be, but there will be an evaluation for which areas need it the most.
- Shulman said it is a good project, but asked if it could be put on the backburner. Sobhani said he can make changes, but Kerckhoff is not a very welcoming place, and the carpets may play a role in people getting sick.
- Melgar asked why the 4th floor was left off the proposal. Sobhani said he can change line 85 to 3rd/4th floor.
- Garcia asked if this could go through Contingency for now, and, when a budget for carpet is presented, they can allocate it out of capital or contingency.
- Sobhani said $30,000 is needed for the carpet project, and he feels the project can be considered a capital investment since it goes back into the building. Student groups could apply for the $22,000 in line 92.
- Garcia said the first $20,000 could be taken out of line 85, and, once a proposal is sent forward, money can be voted and allocated to the project. He does not feel comfortable voting on it now.
- Champawat said this time of year is when council members have a certain amount of discretion. If they feel the carpet should be changed, then do it now.
- Nelson said the psychological benefits from such an improvement could help everyone in Kerckhoff.
- Hosseini asked if the $112,000 for spring is enough. Sobhani said it is hard to tell.
- Garcia moved to approve and Melgar seconded, with the stipulation that line item 85 is put into Capital Projects, and line item 92 is removed with the understanding that a
proposal for the carpeting project is sent to council for review, where council can go back and allocate money for the project.
- Sobhani said last years surplus distribution was 45% and 12%.
- Chacon asked if they could change those percentages this year. Garcia said it is possible.
- Hosseini asked if there was a friendly amendment to change the percentages.
- Garcia said, when BLT reports how much in USABOD, money can then be asked from council, possibly.
- Council approved the Surplus with a vote of 10-0-2.

XI. Announcements

- Sien said this Saturday will be the CSC Mini Fair. There will be about 30 spots, and it is first come first serve on the Kerckhoff patio. Food will be provided, and people will being doing service for a couple hours.
