Another incident occurred on Wednesday, October 18th when an individual was found sleeping on a couch in the same office—this individual also did not have permission to be in the office. They expressed concern with the safety and security of their office, for group members, and also for Kerckhoff Hall. They asked USAC to consider removing the lock for Kerckhoff 412, and replacing it with a LockNetic Device.
- Nguyen asked I there are any people in possession of keys to the office who are no longer affiliated with the club.
- JC said that he is unaware of who has keys for the office, and also mentioned that the lock can be broken into easily.
