Resolution Commemorating the Armenian Genocide and Condemning its Denial

WHEREAS, the University of California, Los Angeles has a sizable population of Armenians, and each April, students join the Armenian American community in commemorating the Armenian Genocide; and

WHEREAS, Los Angeles is home to one of the largest Armenian Diaspora communities in the world; and

WHEREAS, the Armenian people, along with the minorities of the Ottoman Empire in the years of and surrounding World War I, were subjected to outright massacre and deportations that spared no one – women, children, and the elderly included – as well as instances of direct or indirect forced transmission of children to non-Armenian households; and (1)

WHEREAS, numerous governmental and non-governmental agents of the time bore witness to the events of the Armenian genocide – including agents of those countries either neutral or allied to the Ottoman Empire; and (2)

WHEREAS, the events that befell the people of and surrounding World War I have been deemed genocide from both the historical and legal perspective by numerous national and international academics as well as governmental bodies – including the state of California; and (3)

WHEREAS, this genocide has resulted in the elimination of the Armenian people from their historic homeland of over 3000 years through the criminal loss of property and life; and (4)

WHEREAS, the government of the Republic of Turkey is engaged in a campaign of genocide denial that employs official and unofficial agents and uses threatening as well as blackmailing tactics against those governments and institutions that attempt to discuss and recognize the Armenian Genocide; and

WHEREAS, the Ottoman Empire and subsequent governments of the Republic of Turkey including the present government have engaged in perpetual destruction, re-appropriation, and intentional neglect of historical Armenian homes, other physical evidence of the no longer present Armenian community of the area; and

WHEREAS, the Undergraduate Students Association Council (USAC) has been at the forefront in encouraging awareness of such atrocities in order to prevent recurrence of these crimes; now, therefore,
BE IT RESOLVED, the USAC solemnly commemorates the Armenian Genocide and condemns those attempts made by governments as well as other entities, both public and private, to distort the historical reality and legal relevance of the Armenian Genocide to the descendents of its survivors and humanity as a whole; and

BE IT FURTHER RESOLVED, the USAC supports the efforts of the Armenian-American community at UCLA to establish April 24 as the official Day of Remembrance for the Armenian Genocide; and

BE IT FURTHER RESOLVED, the USAC held a moment of silence at their meeting on Tuesday, May 1, 2012; and

BE IT FINALLY RESOLVED, that a copy of this resolution shall be sent to the following:

University of California Presidents
Chancellor Gene Block
Associate Vice Chancellor and Dean of Students Robert Naples
Associate Vice Chancellor and Provost Scott Waugh
Vice Chancellor of Student Affairs Janina Montero
